FOR IMMEDIATE RELEASE

Zolnier Games releases our new College Basketball Game at the most exciting time of the year!

Zolnier Games is excited to announce the release of **College BBALL Coach 2 Basketball Sim**, the follow-up to our very successful first college basketball game. We're also doubly excited to release this new game during the best time of year in college basketball!

We've listened to all of your amazing ideas and have worked twice as hard to make College BBALL Coach 2 the deepest and most comprehensive college basketball sim game to date! Let's be honest, it's the college basketball sim game we know you've been wanting and we can't wait for you to try it!

This time, you'll experience the deepest college basketball sim on the mobile market, with full stats and records, 20+ player ratings, player positions, extensive recruiting and a much more comprehensive simulation of the game.

You'll still need to manage your team and recruit new players, but now you have much more to do! Set your offensive and defensive strategies, tempo, go-to players, rotations and minutes - and that's just the beginning! We're also excited to introduce a full game simulation engine, where you can watch the play-by-play as your games happen and make adjustments on the fly. In addition, we've added **Game Impact Moments** where you quickly step into the shoes of your players and be asked to make the big shot!

We're also happy to announce that you now have the option of coaching a **MENS** or a **WOMENS** team! We're very excited about this and can't wait for you to try it!

Can you handle the pressure? How quickly can you win a National Championship? Can you be the greatest college basketball coach of all time? It's time to find out!

College BBALL Coach 2 Basketball Sim is now available FOR FREE* on iTunes, Google Play as well as the Amazon App Store.
